

## **Mission Statement**

Legacy Christian Academy is a private, independent, traditional school offering a complete, rigorous and well-rounded preparatory education to students in kindergarten through eighth grade. Our purpose and mission is to pursue academic excellence and the development of moral character in the lives of our students. Our primary focus is on the basics of reading, writing, and arithmetic and the acquisition of technological and science skills. Our secondary focus is on the arts: promoting an advanced and comprehensive art, music, and foreign language program.

Legacy Christian Academy is dedicated to the philosophy of building a strong and well-rounded academic foundation in the lives of our students. Our school is devoted to developing students to be critical thinkers, active listeners, articulate communicators, and community servants. We are a partnership of faculty, students and parents who work together and strive to develop students who are confident, self-directed, diligent and responsible in a learning environment that is dynamic and committed to academic excellence and moral integrity.

Our philosophy originates from a Biblical worldview, yet we are a school independent of a church or denomination. We operate from the principles and ethics that are found in the Bible and the conservative and traditional values that our country was founded upon. We will strive to honor God and recognize the Bible as the source of moral principles. Our admission policy reflects our desire to have a diverse and multicultural enrollment in our school. All faiths are welcome at Legacy Christian Academy. Legacy Christian Academy admits students of any race, color, religion and national or ethnic origin.
